

## Kloves Inc. Announces Bronze Sponsorship of Knowledge16

Kloves Inc. to showcase the newest ServiceNow® solutions – including Demand Management, PPM and a customized Helsinki Self-Service Portal.

Santa Clara, CA  
May 10, 2016

Kloves Inc., an innovative ServiceNow® Solutions Partner since 2011, is pleased to announce their Bronze Sponsorship of Knowledge16 for the third year in a row. Knowledge16 is the largest gathering of service management professionals using enterprise cloud services to change the way people work. The conference will be held May 15 to 20 at the Mandalay Bay in Las Vegas.

At Knowledge16, Kloves Inc. will be showcasing some of their newest ServiceNow solutions at Booth 1625 at the EXPONow Exhibition Hall. With experience in everything from PPM, to Demand Management, to GRC and Security Incidents, Kloves Inc. has the tools to implement every part of the ServiceNow Platform, giving exemplary service.

“2016 brought an exciting opportunity for Kloves Inc.” says Technical Director Louwee Guevarra. “We were given early access to the newest release of ServiceNow, Helsinki, which will officially go online during the conference. We’ve had over two months to experiment with the new release and to create some exceptional demos for users to evaluate at our booth”.

### **ABOUT KNOWLEDGE16**

At Knowledge16, approximately 10,000 attendees will have the opportunity to attend more than 125 labs and 200 breakout sessions, specialized networking events, and an ExpoNow exhibition hall with more than 140 sponsors. With the combination of pre-conference training, hands-on labs, and breakout sessions, Knowledge16 presents the best opportunity for ServiceNow customers and partners to learn about the future of ServiceNow, the ecosystem and how we are empowering the service-oriented enterprise.
